### OFFERED WITH DVR:

- Custom UI (User Interface) for better customization and user experience.
- Netflix, YouTube and Pandora are incorporated into the new Elevate DVR box. (Does not include subscription to services)
- Boxes can connect via MoCA (Cable wire), Ethernet and/or Wifi
- The Elevate DVR Service works with Alexa. Currently has app that can be downloaded on the Google Play Store
- You can now get our new Elevate Service without Digital TV.
- **REQUIRES** Inter Mountain Cable Highs Speed Broadband Service.

### SUGGESTIONS:

- Does not have access to VOD and or any type of On-Demand Service. (No Channel #1) - This also includes "Impulse" PPV
- Can only offer one (1) Elevate DVR per household and four (4) SA (Smart) Boxes.
- Customer must provide their own credentials for YouTube and Netflix (only the app is available for access, and will not broadcast is 4K)
- Will not work with current Cisco/Voyager Boxes.
